BRAGA- CENTER OF OUR ACTIVITIES The Portuguese Rome

In the heart of the green and fertile province of Minho, the district of Braga stretches from the sea inland, with a wooded scenery that undulates in gentle hills and valleys.

The city of Braga, perhaps Portugal's main religious centre, is known for its baroque churches, splendid 18th century houses and elaborate gardens and parks. The old city is solemn and antique, but industry and commerce have brought to it a lively style of life, with its universities, modern neighbourhoods, bars and restaurants. The University of Minho was founded in Braga in 1973 and it's one of the best public Universities in Europe.

On a hill about 3 km south east stands the sanctuary of Bom Jesus do Monte, which is visited on Whitsunday by thousands of pilgrims and is famous for its 18th-century architectural staircase. About a mile beyond it is Mount Sameiro, a top which is situated a colossal statue of the Virgin Mary.

The whole district is famous for its popular feasts and festivals and for the local gastronomy, with many and varied original recipes.

CULTURE

This Sanctuary is considered one of the most beautiful in all Portugal. Braga - Portuguese Rome - is one of the oldest cities in Portugal and has history on each corner.

EVENTS

In this beautiful country we organize and participate in events such as traditional and city events, sport activities, Cultural dinners, etc....

RECOMENDATIONS

RECOMMENDATIONS

Vocational Secondary School No. 7 in Tychy is pleased to recommend Braga Mob as the organization which assists in the realization of EU programmes.

In 2015, thanks to Braga Mob, 40 students from our school had an opportunity to undergo a training programme in Portugal. Our partner provided us with all the required support such as accommodation, full board, transport, internship monitoring as well as the execution of the cultural program for the trainees. They fulfilled all their obligations and we could rely on them at any moment. Our programme has been fully successful just because of the professionalism and kindness of Braga Mob.

In the future we are going to cooperate with Braga Mob in order to improve the level of in-service training in our school. We highly recommend Braga Mob to all the institutions which care about the level of their own EU projects.

Our staff and all of our collaborators, are used to receive people from several countries and they are able to create the best environment outside of the comfort zone of the participants, helping them to leave Portugal loving and wishing to return to our country.
