INTEREST TEST AND PLANNING GOAL			
Aims and expected results	The students: <ul style="list-style-type: none"> - Identify career - Be able to plan a future goal and steps to reach the goal 		
Materials	<ul style="list-style-type: none"> - https://www.123test.com/career-test/index.php online career test - My goals worksheet 		
Description of the activity:	Introduction	Teacher explains students that they will answer a test online and find a career matches preferences. Then they will set a future goal and find out what to do to reach this goal.	
	Main activity	<p>1) Students will give answers to the free career test online in the classroom. This free career aptitude test can give the students insight into their career personality. Based on a characterization of their personality in terms of Holland Code personality types, they will learn what kind of work environments and occupations suit them best. The results of this career test provide them with a list of professions and occupations that fit their career personality.</p> <p>2) After the test, students will write their future goal on the worksheet and brainstorm about how to reach the goal.</p>	
	Conclusion and Evaluation	<p>At the end of the activity, students will have an idea about a career that can suit their interests and how to reach the future goal.</p> <p>Teacher will prepare presentations of the jobs they are interested in. In the next lesson these presentations will be watched.</p>
